

TUT-SARCHI CHAIR IN SPATIAL TRANSFORMATION

Doctoral / Post Doctoral Evaluation 2021

Research potential of the applicant Academic merit	NUMBER OR YES/NO ANSWER	COMMENTS APPLICANT	COMMENTS A_DRIC (PLEASE LEAVE EMPTY)
Research output:			
• Papers in peer-reviewed journals?			
• Conference paper(s)?			
• Keynote speeches(s)?			
• Invited speeches			
• Supervision record? Master's			
• Supervision record? Doctoral/PhD			
• Awards/Prizes?			
Master's degree with distinction?			
Doctoral degree outputs and achievements?			
Research grants / other successful funding application(s)?			
Significance of of current research proposal (a one-pager research project must be submitted with the application and must include a plan for future research that is aligned with the Chair Project); Scientific merit + and Technical quality + Significance of proposed research			
Novelty?			
Application to the field?			
Does it align with previous experience +/- studies?			
What tangible progress is shown?			
Proposal is well researched and clearly presented			
Proposal is of the highest scientific and technical quality			
Clear research rationale			
Problem identification is excellently presented			
Aims and objectives of research is excellently presented			
Excellent research methodology			
Highest research originality and novelty			
Proposed research project has high potential to produce research outputs			
Has the candidate identified + outlined possible publications, patents, +/- conferences?			
Are the planned outputs realistic? Yes = 1 Perhaps = 2 No = 3			
Impact on the field? Is the proposal aligned with national and international research imperatives?			
Will outputs be relevant to the field?			
Intension of application to <ul style="list-style-type: none"> • Publish? • Register patents? Hold expert workshops?			
Applicant has excellent research experience			
Good match between applicant and the research project			
Likely to advance career and acquire new skills
